

Toronto Bank Manager Speculated With Funds

Lost it and is Now Missing While the Bank of Montreal Takes Over the Bank Business

Toronto, Oct. 12.—A tremendous sensation was created in financial circles tonight by the announcement that the Bank of Montreal had purchased the business of the Ontario Bank of Canada and had assumed all the liabilities of depositors and note holders and had agreed to pay \$150,000 for the good will of the concern. If, after the administration of the assets there was a surplus it will be distributed among the shareholders. The present position of the bank forcing them to sell out is the result of stock speculations of the general manager, Charles McGill, who is reported as being heavily involved in Wall street. The bank had a capital of \$1,500,000 and a rest fund of \$700,000 but it is reported that the rest fund has entirely disappeared. The matter of prosecution is entirely in the hands of the bank's solicitors. The total loss cannot be accurately stated tonight but it is believed that the figures will total a round million. McGill, who stays at the King Edward, could not be found tonight.

THE CHIEF TENDED DOOR.

Macleod, Oct. 10.—The police determined not to allow the selling of pools in the hotels the night before the races and warned hotel keepers accordingly. Not to be outdone, however, the hall was rented by a number of gentlemen and it is understood pools were disposed of there to those who wanted action on their money.

Sergt. Piper hearing of what was going on came down in the evening and was refused admission to the hall by Chief Rhodes who appears to have been on guard over the door. A warrant was issued against the chief the next day, charging him with aiding and abetting an unlawful action. Saturday he received preliminary hearing and was remanded to the next sittings of the supreme court, with bail at \$2,000.

The selling of pools is a crime in the calendar, but heretofore it has been winked at by the authorities everywhere.

C.N.R. Will Fight

THE G.T.P. BEFORE COMMISSION.

Morse Telegraphs for City Solicitor and Mayor to Be Present at the Railway Commission Meeting.

At the city council meeting last night a telegram was read from F. W. Morse stating that the C.N.R. was going to appear before the railway commission with the Edmonton G.T.P. agreement came up and protest against its ratification. Mr. Morse asked that the mayor and city solicitor be in Ottawa on the 19th to assist the G. T. P. when the agreement came up.

To this telegram the mayor replied that he would go to Ottawa if the company paid the expenses and no cost was charged against the city.

The city solicitor said the same. An answer to this wire stating that the company would pay expenses was read, and a motion was passed by the council authorizing the mayor and city solicitor to represent the city before the railway commission.

TERRIFIC LAKE STORM.

Houghton, Mich., October 8.—A terrific gale is raging on Lake Superior tonight. The barometer is falling fast and the wind is a total gale. Three of her crew were drowned, while seven others reached shore after a terrific battle with the surf.

A number of vessels had been sheltered in Lily Pond harbor, but some of them started out in the face of the storm, and anxiety is felt for their safety. The Pasadena was blown down with ore from Two Harbors. The Gladstone made the harbor in safety.

CAR SHORTAGE.

Rosethorn, Sask., October 8.—The shortage of cars throughout the west is commencing to be felt here. The Lake of the Woods is filled, the Union Supply Company is about filled and two others are nearly full. The eight elevators have in store less than 100,000 bushels, just half their total capacity. Over 130,000 bushels have been shipped from Rosethorn this year, making 230,000 bushels marketed altogether. What is coming in steadily. The farmers are busy plowing, and the rush has not started yet.

MIDDLE PARK PLATE.

(Bulletin Special.) London, Oct. 12.—The Middle Park Plate: Galvani first, 10 to 1; Slave Gallion, second, 4 to 1; On Traquair, third, 8 to 1. Five ran.

Treaty Inspector

RETURNS FROM THE NORTH.

Covered Four Thousand Miles in Less Than Six Months.

H. A. Conroy, inspector for Treaty No. 8, returned to the city yesterday on a trip of 4,000 miles in the north country. Mr. Conroy left Edmonton on May 1st to pay treaty money to the Indians included in the settlement treaty. From Athabasca Landing the party went up stream to Lesser Slave Lake, and thence by team to Peace River. Here they met the Hudson Bay Company's steamer "Peace River," and went up to Fort St. John, where the first payment was made. They then descended the river on the steamer, paying at Dunvegan, Peace River Crossing, Vermilion and the Chutes. Here they met the Hudson Bay transport and went north 300 miles to Fort Chipewyan on Lake Athabasca. A side trip of 200 miles was made across the lake to pay the Indians at Fond du Lac. Proceeding north 300 miles, payment was made at Fort Smith, on the Slave River, and 200 miles further, at Fort Resolution, on Great Slave Lake. At the latter place about 900 Indians received treaty money. A side trip of 85 miles and return was made across the lake for payment at Hay River. Taking the back track the party came to Fort McMurray by the Hudson Bay transport, where payment was made. Pack horses were then procured, and they travelled west to Wabusean, 100 miles; to Whitefish Lake, 100 miles; and to Sturgeon Lake about 100 miles further, paying at each place. From Sturgeon Lake they travelled with teams along the south shore of Lesser Slave River, and made the last payment at the east end of the lake. After waiting a week for boats, the Hudson Bay transport came along, by which they travelled to the landing.

The fur catch in the Peace River country last season was very good and the season fairly prosperous.

Crops in the district were good this year. Wheat cutting was general about the middle of August, considerably in advance of other portions of the province.

A number of settlers are going into the prairie country this year. Mr. Conroy is as enthusiastic as ever about the northern districts, and says he found in the Canadian west than along the valley of the Peace.

Deputy Minister

MR. W. W. CORY IN TOWN TODAY

In the Course of a Tour of the West.

W. W. Cory, deputy minister of the interior Ottawa, came in over the C.N.R. last evening, and will spend a day or so in the city. Mr. Cory is on a tour of the west, looking over the business of the department. He is in charge of both the land offices and the immigration agents has been unusually heavy during the past season, and the appearances are that it will be heavier still next year and for several years to come. This morning Mr. Cory visited the local land office and will also look over the immigration work while in town.

SQUADRON ORDERS.

Squadron Orders by Major S. C. Paton, O.C. A Squadron M.R.

1. Parade. The squadron will parade mounted in drill order at 9 a.m. on Thursday, the 18th of October, for the purpose of taking part in field and outpost work with B Squadron. Blank ammunition will be issued, and cloaks will be carried or worn according to the weather.

As the manoeuvres are not expected to start until the afternoon, it is suggested that all officers, N.C. officers and men provide themselves with lunch and oats for their horses.

The armories will be open on Monday, Tuesday and Wednesday evenings, when Q.M.S. Day will be in attendance to serve out haversacks, water bottles and nose bags. Colonel Edward has consented to act as umpire in chief, and will select a staff of officers to assist him.

It is expected that the Boys' Brigade will take part. As the work will be very instructive and interesting, the officer commanding wishes every available man to turn out.

By Order, N. F. HARBOTTLE, Lieut. Acting Adjutant

Burned The Letters

CAN GIVE ONLY RECOLLECTIONS

Objects to Telling the Commission How He Secured Option.

Toronto, Oct. 12.—The insurance commission did not put Geo. Fowler, M.P., in jail today. In fact, they let him down with a promise to forgive his tardiness in appearing, provided he gives evidence whenever he is required. His examination was commenced this morning and will be concluded in Montreal. Mr. Fowler protested repeatedly against having to give particulars of his private deals with the C. P. R. in securing the option on 200,000 acres of land. His recollections are apparently all the commission letters behind him. Many of the very poor system of preserving documents and has burned his letter behind him. Many of the deals were verbal he thinks.

SHARKS GET ADOLPHE.

Unsophisticated German Divorced From His Marry Three Days Before Discovering That He Was Bounced.

Adolphe Bohlinder, a German land hunter from Spokane, drifted into the police station this morning and told a story to the officers which demonstrates that some of the Germans at least are a simple pastoral people, without suspicion and without guile.

Shortly after Adolphe struck Calgary, on his way to Edmonton, he met a first-rate fellow who gave himself the name of Schultz and who said he was going up to Edmonton too, to take up land. Adolphe and Schultz became friends, and after wandering around the city for some time Schultz steered him to an alleged real estate office ostensibly for the purpose of getting information about Northern Alberta.

When they got there, the "boss" was out, but a man named Johnstone, who acted as clerk, and another couple of fellows, were playing draw. Schultz sat in and after some persuasion Adolphe was induced to take a hand. Schultz found occasion to withdraw from the game for a moment when Adolphe was handed the "big mitt." He got aced up before the draw and had an ace full after. The other man bet \$100. Schultz leaned over, took a look at the hand and told Adolphe "it is a cinch, bet it."

Adolphe hesitated and Schultz offered to guarantee the bet, producing an express order on Seattle for \$1,000, and promising that if Adolphe lost he would make it good.

Adolphe called for \$100, and, strange to say, lost. Then Schultz gave the German a check for \$100 on a Seattle bank, and accompanied him to the station, getting on the trail for Edmonton. Just before the train pulled out a man rushed in with a telegram for Schultz saying that his brother was sick in Banff, and for him to come right away. Schultz got off and Adolphe, still unsuspecting, came on to Edmonton. Yesterday he received a letter from Schultz, addressed from Calgary, in which Schultz stated that he was just leaving for Banff and for Bohlinder to address him there.

The German did not realize that he was bounced until he read about the shark infesting Calgary and their mode of operation. Then he went to the police office here and told his story.

Incinerators

CONSIDERED BY THE COUNCIL.

Decision Deferred Pending Fuller Information Regarding Heenan and Froude Plant.

At the council meeting last night the question of destructors came up again, which occupied two hours of Tuesday evening's session. Ald. Picard wanted to adopt the report of the commissioners, which recommended the purchase of the De Carey destructor.

Ald. Griesbach objected that while he was thoroughly familiar with the claims of the De Carey he had no knowledge of the Heenan and Froude and moved that the decision be adjourned for a week as he understood that their agent was on his way to the city.

Ald. Manson expressed himself as being of the same opinion as Alderman Griesbach.

Alderman Smith seconded Alderman Griesbach's motion. The mayor said that one of the best ways for the aldermen to become acquainted with the different systems was to listen while the tenders were being read, and he asked the secretary to read the tenders.

The price of the Heenan and Froude incinerator was quoted as \$42,500 net for a 50-ton plant set up and in working order, building and all complete. The Heenan and Froude plant is intended to furnish 150 horse power, developed from the combustion of garbage under a forced draught, using no other fuel.

"The De Carey plant is designed to use a coal or coke fuel, and the company guaranteed to destroy refuse for 40 cents a ton or 16 cents per cubic yard. Their price was \$37,500, but did not include a boiler for steam purposes.

The engineer figured that deducting the value of the boiler, some difference in the cost of the De Carey and some other differences, the Heenan and Froude of the same capacity and general purposes as the De Carey cost \$37,000.

Ald. Mays seconded the motion of Ald. Picard to adopt the majority report of the commissioners and purchase the De Carey destructor.

The plans were laid on the table and Alderman Griesbach asked Mr. Gorman, of Gorman, Clancey and Grindley, who are acting for the agents about some points of interest regarding the Heenan and Froude.

Mr. Grindley said he was not posted. But he had just received a telegram from the Heenan and Froude agent stating that he would be in the city within the next week if the decision could be adjourned until that time.

Alderman Manson said he would adjourn the question for a week.

Mr. Pace stated that the guarantees given by the De Carey people absolutely protected the city from any chance.

Engineer Keely, who is a believer in the Heenan and Froude, although he says that the De Carey people give the best guarantee, pointed out some of what he considered the advantageous features of the Heenan and Froude.

The motion to adjourn the discussion for one week was put and carried.

Mr. Browning, who was present to represent the De Carey people, said that he hardly thought it was fair, after the tenders and guarantees had been read, to re-open the question, but he would try to be present Friday next. This closed the incinerator debate and the estimates were taken up.

Edmonton's Tax Rate Not Over Ten Mills

Visited Yellowhead

TWO EDMONTON MEN RETURN.

Sam Adams and Jim Kerr Return From a Summer Jaunt Into the Mountains for Their Health.

"Jimmy" Kerr and "Sam" Adams returned last night from a three months trip in the Yellowhead Pass country.

They report that only one party of C. N. R. surveyors are operating in the pass now. This is the Brown party of 16 men, which is laying out railway lines between the Miette and Moose Jaw lake, right in the Yellowhead Pass.

Four G. T. P. parties are working in the same territory and a fifth party which came into the upper Fraser from the British Columbia side, found its cache of supplies burned and had to get back to Kamloops, where the party was disbanded.

Messrs. Kerr and Adams went down the Fraser about half way to Fort George. They saw some very fair timber but did not see any of the timber which is represented to be in that country, although there is plenty of coal at Prairie creek on this side and on the Miette in the pass.

They made their trip out from the pass to Edmonton in eight days, probably the fastest time that has ever been made.

ARCHBISHOP BOND'S FUNERAL.

(Bulletin Special.)

Montreal, Oct. 12.—The funeral services of the late Archbishop Bond took place at 2:30 in Christ Church Cathedral. The service was in charge of Ven. Archdeacon Norton, the rector of Montreal under the direction of the Bishop Conductor. The Bishop of Ottawa acted as chaplain.

Sault Ste. Marie, Ont., Oct. 12.—The Lake Superior Corporation will build an addition of 100 feet to its ore dock at the steel plant dock, which is now 900 feet in length, and is not large enough to accommodate the business at the ore docks. An additional blast furnace is also being considered by the directors, the furnace now in operation being unable to supply enough pig iron for the plant.

Estimates Submitted to Council Last Night Call For a Comparatively Small Expenditure and With Increased Assessment Taxation is Exceedingly Low

At the city council meeting last night sufficient progress was made on the estimates to guarantee that the Edmonton rate will not be over 10 mills for the present year.

The rate which is now being struck is for the year nearly closed, viz.: Jan. 1st, 1906, to Dec. 31st, 1906, "estimates" but are more in the nature of "accounts" as the expenditures have already been made. The rate which is now being struck should have been struck last May, but owing to delay with the rolls the assessment was not heretofore before the council.

The estimates presented to the council last night by Secretary-Treasurer Kinnaird called for an expenditure of \$121,044.19, to raise which would require a rate of 7½ mills on the assessment of \$15,613,301 for general revenue.

The estimates were brought in as follows:

ESTIMATES 1906.	
Total expenditure to 30-9-06.	
Finance	\$ 25,503.93
City Hall	1,826.07
Engineer's office	5,640.54
Fire department	9,186.19
Market	1,028.85
Police	5,737.22
Pound	163.30
Public Works	20,657.09
Sanitation and relief	10,921.27
	\$78,586.46

Estimates for balance of year (3 months)	
Bal. board of trade grant ..	1,000.00
Manufacturers' reception ..	1,000.00
Exhibition 1906	5,000.00
Street and lane crossings ..	2,500.00
Street repairs	2,500.00
Sewer maintenance	500.00
Street brushing & grading ..	500.00
Central walks, Jasper Ave. ..	5,000.00
Interest	5,000.00
Receptions & entertainments ..	500.00
Expropriations	4,000.00
Salaries	12,000.00
Printing, stationery, postage ..	800.00
Incidentals	800.00
City hall	600.00
Engineering Dept.	500.00

Crowded House

AT THE THISTLE THEATER.

Harold Nelson Company Gave Splendid Presentation of Shakespearean Drama.

That the Harold Nelson company would play The Merchant of Venice to a well filled house last night was a foregone conclusion, and also that the presentation would be greeted with appreciative applause. Shakespeare is always and almost everywhere popular, and of all his plays probably none is more generally read. Its presentation resembles the telling of an old-told and never tiresome tale, rather than the relation of a novel incident. The player cannot rely for general effect on the novelty of either the situation or the language, but must depend on his ability to bring out of well known words something of the meaning which they are pregnant. Probably in no other play is an actor so continuously subject to such general criticism for every one has read "The Merchant of Venice," and most have studied it in their school days. The player who does not combine high intelligence, great industry and rare dramatic power, has no hope for success here, because his audience know the play and something at least of the immeasurable scope it offers to the capable.

The company was happily cast in last night's play. Miss Reesor, as "Portia," even surpassed the expectations of many who had applauded her previous appearances. She was a far better "Portia" last evening than "Molly Wood" the previous evening. Mr. Bruce as Bassanio had a congenial role and filled it in his usual masterly manner. But the centre of the drama is of course the portrayal of Shylock and the success or failure of the evening. With "Shylock" well played the drama cannot be meaningless, dull; with "Shylock" poorly handled it could not be even interesting. Mr. Nelson appeared in this character on an Edmonton stage five years since, and those who had him then had not misgivings for last evening. With more stage room and better fittings, a stronger supporting company, a thoroughly sympathetic audience and five years' experience, he surpassed his former presentation in a really remarkable portrayal of the heartless old miser. The hatred which was the soul's breath of the old villain was reflected in every lineament and gesture and spoke through every intonation from the whispering hypocrisy with which he beguiled Antonio into the bond to the fiendish shriek with which he rushed at his supposed victim in the court room.

The play was attended by a large number of students of Alberta College, and of the High School. It will be strange if they do not carry back to the study of the great master a rekindled interest and a deepened insight.

POWERS ON BAIL.

(Bulletin Special.)

Winnipeg, Oct. 12.—Tom Powers, the bartender implicated in the death of Humphries in the Stock Exchange was this morning admitted to a bail of \$8,000, his personal bond of \$4,000, and two securities of \$2,000 each being taken.

News of the District

THE HUDSON BAY ROUTE.

Prince Albert Advocate: The board of trade at a meeting held last night, decided to initiate a movement in which it will seek the co-operation of every board of trade in Manitoba, Alberta and Saskatchewan in urging upon the provincial and federal governments immediate action to prepare for the Hudson's Bay route for navigation. Prince Albert, being the most northerly railroad point in Saskatchewan and a very old Hudson's Bay Co. post is probably more in touch with the north than any other city, and Hudson's Bay captain who are frequently here always declare that the Bay is navigable from midsummer until the end of December and sometimes longer. The dangerous month, they state, is July, when floating ice from the Arctic regions comes swirling through the straits, but when this has disappeared there is nothing to prevent ocean steamers running from Port Churchill to Europe up to Christmas.

TOFIELD.

(Correspondence.)
Tofield, Oct. 10.—The arduous task of opening up the town line west of Tofield is proceeding rapidly under the supervision of Mr. J. W. Colson. W. Storey is building a new store on the townsite east of Tofield. The Logan school has reopened with a new school, new equipment and a new teacher. Mr. P. Ingram is doing a rushing trade at his coal mine. He has a full force of men, and even then the supply cannot meet the demand at all times. What with building and re-modelling the town presents a busy appearance as well as a more substantial one. Mr. Alfred Sholtz has bought Mr.

James Ingram's quarter section. Threshing is once more a memory of other days. Although a good corn harvest, the yield does not come up to the standard of the preceding two years. Judging from old piano cases lying around, our little town will be quite a musical centre.

VERMILION NOTES.

(Correspondence.)
Vermilion, Oct. 11.—Capt. Strickland, R. N. W. M. P., paid a paying visit to town yesterday. A large number of people went to Mannville last evening to attend the celebration of the wedding of Mr. and Mrs. John Baker Butch. They all report having a first class time although some of the party missed the train back and did not arrive in town until nearly noon today. We regret to report that Mr. Frank Bowtell is under the weather. The English church people are giving a concert on October 16, the second day of the fair. They have got together a good program and should be well supported.

OLIVER SCHOOL REPORT.

(Correspondence.)
Following is the September report from Oliver school district. Pupils enrolled—Twenty-two. Number of teaching days—Nineteen. Aggregate days attendance—340. Average attendance—15.4. Percentage of attendance—74.27. Honor Roll—The names are arranged in order of regularity of attendance. The first number after each name shows the number of days the pupil was in attendance, the second the number of days tardy. Martha Schattneider 19, 6; Cecilia Girard 18, 2; Otto Schreier 15, 2; Hector Girard, 15, 2; Harkin Govenlock, 17, 9; Emma Gabbert, 17, 9; Earl Walker, 17, 2; George Walker, 17, 1; Austin Toome, 17, 2; Albert Girard 17, 2; Grace Gabbert, 16, 9; Hilda Schreier, 16, 3; Richard Moravice, 15, 2; Vina Werner, 15, 2; Mary Girard, 14, 2; Otto Werner, 14, 2; Dorothy Moravice, 12, 2; Stanley Hall, 10, 1; Ben Scaman, 8 1-2, 2; Frank Moravice, 7, 3; Herbert Hall, 7, 2; Alcide Girard, 6, 2. Standard IV.—Percentages obtained on work in all subjects done during the month. Martha Schattneider 99; Harkin Govenlock, 88; Emma Gabbert 78; Grace Gabbert 67; Stanley Hall, 67. JEANIE E. FERGUSON, Teacher.

SCHOOL DEBENTURES FOR SALE.

Tenders will be received until the 30th day of November, 1906, for the sale of Debentures No. 2 (\$35,000) of the St. Joachim Roman Catholic Separate School District No. 7. For any particulars apply to EMILE TESSIER, Secretary-Treasurer, P.O. Box 896 Edmonton, Alta.

MR. VANDERHOOF EXPLAINS.

Mr. Herbert Vanderhoof has been in the city since Tuesday in the interests of the magazine that will appear next month under the auspices of the Western Canadian Immigration Association, called The Last West. The manager is Mr. W. E. Gun, formerly of the Farmers' Advocate.

Mr. Vanderhoof has lately been appointed the secretary of this association in place of Mr. Knappen.

Thursday Mr. Vanderhoof was present at the board meeting and explained some criticisms that had been offered about him.

In explanation of his position Mr. Vanderhoof read the following letter which was read at the executive meeting of the Western Canadian Immigration Association at Winnipeg on September 24th last.

"At the last meeting of our executive committee when you offered me the position of secretary of the Western Canadian Immigration Association I informed you of contracts with the Chicago Inter-Ocean which obligated me to write and sign certain articles on irrigation, etc. in South Dakota, Idaho, Montana and Texas, which articles were syndicated by the Inter-Ocean to other newspapers. Your committee decided therefore that Mr. Knappen's resignation as secretary should not be accepted, and that I should be merely employed under his direction to secure as much publicity for western Canada as possible. The Inter-Ocean contracts ran for several months, the longest one not expiring until January, 1907, while the conditions under which I worked were thoroughly understood by you, I did not wish to be hampered in any way and wanting to give the association my undivided attention, I have succeeded in cancelling the Inter-Ocean contracts. I am glad to tell you that while I remain in your service no article of mine shall exploit any other section than Western Canada."

DID MR. BORDEN QUIT SOON ENOUGH.

(Toronto Star.)

The proceedings of the insurance commission during the last few days would seem to cast some light upon the reason for the cheap acquisition of C.P.R. lands by Forster, M.P., et al. There has come from Mr. Borden a denial that he ever put one cent into the syndicate. He says that the discussion of the matter on his trip west was merely casual, but he does not specify that it was not such as would give his travelling companions the right to use his name as a lever with Sir Thomas Shaughnessy, whom they afterwards interviewed. In fact, Mr. Borden says definitely that it was not until November 7, 1902, that he wired, in reply to a telegram from Mr. Pope, that he would not take any interest.

In view of these circumstances it is interesting to note the shown testimony of A. A. Forster, who said that the matter was discussed on the trip west in September, 1902, and stated:

"I believe that Mr. Borden indicated a willingness possibly to join us. He said he would very likely join us on that occasion that we interviewed him. I don't know whether it was on that occasion, but during the trip he indicated that he would possibly come in with us."

The next day the same witness was again questioned by Mr. Shepley as follows:

Q.—You had in some way or other an intimation that he might come in?

A.—Yes.

Q.—Then was there anything more definite done during this political trip?

A.—There was nothing more definite, except that it was understood that when we got back east we would see what lands could be had for the C.P.R.

While Mr. Borden states that he did not absolutely decline to become a partner until November, it is interesting to note the extracts from Mr. Lefurgey's evidence. Mr. Lefurgey told Mr. Shepley that shortly after he had returned to his home from the western tour he received a letter from Mr. Fowler commencing: "We have succeeded beyond our wildest hopes," and stating that they had met D. M., who had taken them to his office.

Q.—What do the letters D. M. stand for?

A.—I understood them to mean Dan Mann.

Q.—Had you heard of him in the deal before?

A.—No.

Mr. Shepley continued reading the letter, which went on to say that D. M. had shown them the route.

Q.—What route was that?

A.—The route to the Canadian Northern, I suppose.

The letter went on to say that the information was for the private use of "Bennett, Borden and yourself."

Q.—You would naturally understand from this that Borden had come in?

A.—I naturally presumed so.

Q.—That would mean five persons you knew of—Fowler, Pope, Bennett, Borden and yourself?

A.—Yes.

Again, on October 4th, Mr. Fowler wrote to "Dear Lefurgey" from Montreal, saying that "on arriving here we interviewed Sir Thomas Shaughnessy, and have every reason to expect most generous treatment as to terms and prices. He said," continues the letter, "we should get the best that was going. We want to arrange for a meeting when the party returns to Montreal. Tell Messrs. Borden and Bennett about the meeting."

When Mr. Borden says that he "never had the slightest interest in, or connection with, the purchase of these lands," he says nothing to contradict

the supposition that he talked the matter over with the syndicate in such a way that his name was successfully used to prompt the generosity of the C.P.R. and "D. M." towards the Fowler group of investors.

THE PREMIERS IN CONFERENCE.

Ottawa, October 8.—The provincial conference is sitting with closed doors in the railway committee room of the senate. When the conference assembled there were present, besides the provincial premiers, Sir Wilfrid Laurier, Hon. Mr. Fielding, Hon. Mr. Aylesworth, and Hon. Mr. Lemieux.

It is understood that Sir Wilfrid asked the premiers to confer as to the scope of the conference, and then retired along with his colleagues, and to enable them to do so Sir Wilfrid and other Dominion ministers have since sitting. Hon. Mr. Gouin was appointed chairman on motion of Mr. Whitney.

It was suggested that the resolutions adopted at the Quebec conference in 1902 be adopted. The representatives of the new provinces of Saskatchewan and Alberta did not know how these resolutions would affect them, and therefore the conference adjourned to permit them to consider this.

The conference will meet at 3.15 and get the views of Premiers Scott and Rutherford on the Quebec resolutions. Tomorrow the provincial premiers will again meet the Dominion ministers.

The provincial conference spent the afternoon in discussing the Quebec financial resolutions. When the conference resumed at 3.15 the premiers of Alberta and Saskatchewan did not offer any objections to their adoption. As one of them said to your correspondent, there was nothing adverse in the resolutions, and there were some things which would be to their advantage if they were adopted. No time was lost in this regard, but there were some of the other provinces that wanted some slight changes. For instance, Premier Whitney, of Ontario, was in a rather awkward position. He was in favor of the principle of the resolutions, which had been agreed to by his predecessor, Hon. G. W. Ross, but had taken the position that the position of Ontario was not sufficiently pressed forward by the late government. In other words, he moved a resolution in the legislature on these lines, and therefore wanted some slight change to permit him to support them, and at the same time not to be accused of inconsistency.

"I took no part in the conference of 1902," said Mr. Whitney, on being interviewed, "and consequently had not much light upon the business of the present meeting." "I have an open mind," affirmed Mr. Whitney. "You ask about the boundary question with Manitoba, well, I do not know anything about that. There is no dispute so far as I know. There was a communication between the prime minister and me, in which I said that if the Dominion government undertakes to apportion the land north, Ontario wants to be heard. He said we would be heard. If that question comes up at the conference we will discuss it, of course." Premier Whitney alluded to the resolutions of 1902 as the basis of this present conference.

"With regard to those," he said, "my attitude was shown in the legislature. I moved an amendment during the debate to the effect that Mr. Ross did not go far enough. I mentioned the large amounts Ontario paid in customs, and in respect of railways which entitled them to a larger subsidy."

"Will Ontario urge for a larger subsidy?"

"Oh, the conference will be the place to discuss that," the premier answered with a laugh.

The province of Prince Edward Island wants their subsidy upon the population as shown at the time they entered confederation. All the other provinces want the subsidies to be calculated upon the basis of the last preceding census. In addition to the grant of 80 cents a head of population, to be calculated as already mentioned, the Quebec resolution proposed also a special grant of 20 cents a head toward the administration of criminal justice, together with largely increased allowance for legislation in the several provincial parliaments.

Premier Roblin did not see the necessity of so much talk about the resolutions. He said that they had been previously adopted and presented to the government, and what he understood that they came to Ottawa for was to get an answer to these resolutions. But all the provinces were not of this view, as is already seen.

Premiers Tweedie and Murray are strongly of the opinion that the Dominion should contribute larger subsidies to the provinces. Mr. Murray voiced the opinions of both when he said that the conditions resulting from the extraordinary development of Canada since the old provinces entered confederation had become so different that the fathers of confederation could not have foreseen how the rigid restriction of the subvention to a specified amount would operate. The conditions today were entirely different.

After fully discussing the afternoon, a committee was appointed to frame resolutions that it could support. This committee met after the conference adjourned. The committee comprised Premiers Gouin, McBride, Murray and Attorney General Foy. Pugsley, Campbell and Mr. Weir. It is understood that the changes are not material, and that it may be said that the resolutions as now framed are practically those of the conference of 1902.

MR. BORDEN DEFENDS THE
"GRAFTERS"

The future standing of the discredited Conservative members in the party to which they belong has been by no means the least interesting question raised by the disclosures of the insurance inquiry. That the moral sense of the better elements in the party would revolt against the doings of the fallen prophets was to be expected but it was another question whether this moral aversion would be found strong enough to general enough to express itself in public repudiation or abandonment of the gentlemen who had brought it upon themselves.

Whatever doubts may have existed in the public mind regarding the matter are settled, however, so far at least as the leader of the party is concerned and settled by the deliberate attitude and language of Mr. Borden himself. Speaking a few days since in the interests of the Conservative candidate in the riding of North Renfrew Mr. Borden is accredited by the newspapers supporting him not only with defending Mr. Pope and his associates but with doing so both at the expense of the truth and by the misrepresentation of his opponents.

According to a telegraphic despatch published in the Winnipeg Telegram Mr. Borden referred to the Saskatchewan Valley Land Company at some length, emphasizing the fact that the company had bought 250,000 acres of land at \$1 per acre and said that "this deal" "has been supported and approved by" "nearly every Liberal journal in Canada." The same journal is shouting "themselves hoarse" in denunciation "of the purchase by four Conservative members of parliament of" "200,000 acres of land from the C.P.R." "at \$3.50 per acre in the very same" "year." Mr. Adamson and his associates purchased from the government "under special arrangements and" "privileges not accorded to any other" "citizens of Canada." Pope and his "associates bought from the C.P.R." "land which was open for purchase by" "any citizen of this country."

The stand of Mr. Borden is here taken in a manner which can be neither misunderstood nor qualified, and whatever may be the attitude of the rank and file of his party or of the organs which express the collective opinions of the party, the Conservative leader stands pledged to defend the land gambles of Messrs. Pope, Fowler, et al, to do so with full knowledge of the revelations concerning these gambles, and to do so when occasion demands it both by the perversion of the truth and the misrepresentation of his political opponents.

It will be observed that Mr. Borden mis-states the position of the Liberal journals as shouting themselves hoarse in denunciation "of the purchase by four Conservative members of parliament of 200,000 acres of land from the C.P.R. at \$3.50 per acre." With all deference due Mr. Borden, but with the equal deference due the truth, the Liberal journals have done nothing of the kind. Their condemnation has been not the fact of the purchase, but the manner of the purchase. If Conservative members of parliament choose to buy land from the C.P.R. or anyone else it is the exclusive business of the parties concerned, so long as the price of the land comes from the pockets of the purchasers, and so long as the conditions of the purchase do not prejudice the independence of representatives of the public in parliament. If Liberal journals have censured the Conservative members in question for the purchase referred to, it has not been because they purchased the land, but because they purchased it with money which belonged to widows and orphans. And when Liberal journals have commented on the price at which the land was purchased it has not been because the land may or may not have been worth \$3.50 per acre, but because the price paid for it was so far below the price the seller could have obtained elsewhere as to justify the suspicion that the cash paid for the land was neither the total consideration promised by the purchasers, nor the portion of the consideration of most consequence to the public.

The price paid for the land has been by no means the phase most emphasized by the journals to which Mr. Borden paid his respects, but since the gentleman has seen fit to emphasize this phase of the question himself and to select this as the particular ground on which to defend his henchmen, he should be neither surprised nor displeased if the journals devote more attention to it than they have heretofore. In selecting the price paid as the ground on which he should defend his as-

sociates, Mr. Borden probably did so on the assumption that this was the point on which they most needed defence. While not agreeing with him in full, it cannot be denied that the price of the land appears second in public importance only to the manner in which the price was paid, and a pretty close second at that.

When the syndicate obtained the option for the 200,000 acres of land at \$3.50 per acre, similar C.P.R. land was held in the market at \$5.00 per acre, and the selling at this price was by no means the only point, but was going on daily. The rebate of \$1.50 per acre was obtained by a personal visit to the president of the C.P.R., and in granting the rebate the president of the company must have known that the C.P.R. was virtually handing Mr. Pope and his associates \$300,000. Is this open-handed generosity a characteristic of the C.P.R. in dealing with men from whom it expects no favors? Not to the knowledge of any witness yet heard from. Yet Mr. Borden in his anxiety to shield his discredited friends asks the public to believe it. To defend them at all were culpable; to defend them on this ground is both culpable and absurd.

CURRENT COMMENT

Mr. Fowler considers the distinction conferred on him by the insurance inquiry "cheap." It could scarcely be cheaper than the land he bought with other people's money—the \$300,000 rebate from the C.P.R. or the \$55,000 drawback from Peter Ryan.

Mr. Brown, the Liberal leader in Manitoba, assailed the financial record of the Roblin government, and the Telegram describes this as "queer tactics," probably because it "queered" Mr. Roblin.

Toronto Globe: "An Ontario packer of apples has been found out in Manitoba, with consequences very bad for himself and far worse for the country. The apple is by long odds our most valuable fruit, and this is becoming very much an apple-producing province. There is no part of it south of Lake Nipissing where, with intelligent cultivation, good apples cannot be profitably grown. The market for the better varieties is absolutely inexhaustible. Methods of transportation are good and rapidly becoming better. All that is needed to establish a high and enduring reputation for Ontario apples is careful picking, sorting, and labelling, and these are all under the control of the packers. The law governing apple-packing and package-marking is easily intelligible and just as easily observed. If it is violated at all it is violated with deliberate intent and dishonesty aforethought; and whenever an offender is caught he should be prosecuted without compunction and punished without mercy." It was the methods condemned by the Globe which cost this Ontario apple grower his rightful heritage in the western market, and the incident referred to does not indicate that the lesson has yet been taken to heart by the packer.

Mr. Charles Clark, the editor and proprietor of the High River Times was married on October 2nd to Miss Mayne E. Macdonell of Bay City, Michigan and has just returned to his editorial duties in the southern Alberta town. Mr. Clark publishes one of the brightest weeklies in the province and we can very properly expect it to be a doubly interesting publication from now on. Charlie is one of the boys for Bruce who is making good in the West.

WILL BUILD NEW TOWN.

St. Paul, Minn., October 8.—James from the mouth of the Columbia river. J. Hill will build the town of St. James on Gray's Bay sixteen miles from the mouth of the Columbia River. Hill's proposed north bank road from Pasco to Vancouver will be extended westward to Gray's Bay and an ocean port built up at that point.

Mr. Hill believes this will ultimately become one of the most important ports on the Pacific coast. A townsite is to be laid out and controlled jointly by the Northern Pacific and the Great Northern roads. St. James will be the connecting point of several lines. It will handle the ocean business of the Hill roads. Hill's ocean business will be conducted at St. James at the expense of Portland and Astoria. Hill will add his influence to that of the State of Oregon, which is trying to get Congress to cut a channel forty feet deep through the Columbia river bar.

Calgary Albertin: Hon. W. H. Cushing, Minister of Public Works, returned to the city yesterday after a few weeks at the coast. While absent he was in attendance at the Forestry convention held in Vancouver, representing the Province of Alberta. He then went to Victoria. On the day after arriving there, Miss Cushing who accompanied him, became ill, and Mr. Cushing's plans to a certain extent, were interfered with. Mr. Cushing spent some time in looking over the parliament buildings in British Columbia, having the Alberta public buildings in mind.

ADVENTURE RETURNS.

(Bulletin Special.)

Halifax, N.S., Oct. 12.—The steamer Adventure which conveyed Major Moodie and the Mounted Police reinforcements to Hudson's Bay arrived at St. John's, Nfld., yesterday. She was a month overdue, delay being due to stormy weather which hampered the work of landing supplies at Forts Fullerton and Churchill. They brought back 200 tons of coal, which they were unable to land.

WATCH REPAIRING

is the most important branch in the jewelry business. We devote especial attention to it and guarantee watches repaired by us to RUN RIGHT.

A. BRUCE POWLEY, Jeweler

OFFICIAL TIME INSPECTOR C. N. R.

This is style 277 for Women Dull Kid blucher top, patent vamp and toe. New high heel and arch, slender smart shape. GOODYEAR PROCESS.

The Foolish Fogey Way And
The Other Way

Many people still cling to the grand mother idea that a perfect custom made boot cannot be produced except by hand in the good, old fashioned, foolish, fogey way.

Hand made is right. A shoe should be hand made throughout and all Slater's are, but why should a shoe maker be condemned to tediously sew a shoe with awl, wax and knife at snail speed when he can do it a hundred times quicker and a hundred times better with a Goodyear Welt machine? There's no reason, except prejudice and tradition.

Every woman knows that for strength, evenness and durability, hand sewing cannot compare with the sewing machines product. Neither can hand shoe sewing compare with Goodyear machine sewing.

If you'd like a shoe without tacks, threads, stitches, lumps, hollows or roughness under the foot; if you'd like a shoe with the lock stitch which holds the sole on until worn to the thinness of paper, get a shoe that's made by the Goodyear Welt Process. As all Slater's are made by that process—Get a Slater's.

Anywhere in Canada at \$3.50 and \$4.00 for women and \$4.00 to \$5.00 for men—\$1.00 less than the best American makes and precisely the same shoe.

Edmonton's Tax Rate Not Over Ten Mills

(Continued from Page One)

Fire department	1,000.00
Police department	300.00
Market	100.00
Sanitation and relief	3,000.00
Remissions and corrections	500.00
Discounts (on taxes)	12,000.00
Election expenses	250.00
City warehouse	2,320.00
Street lighting	2,000.00
Fire hydrants	1,000.00

\$62,870.00
Less revenue 25,412.27

\$116,044.19
Incidentals 5,000.00

\$121,044.19
7 1/2 mills on \$15,613,301.00—\$121,003.00

Alderman Griesbach pointed out that there were some items in the estimates which it was proposed to pay out of current account which probably should be charged to debenture account.

There was \$5,000 for cement walks on Jasper. This was to cover the city's share of the cost of the sidewalk built on Jasper last year. It should be handled in the same way as any other local improvement, the city spreading its share of the cost over a term of years.

There was \$4,000 for expropriations, an item which was calculated to provide for the probable expropriation of some east end property for the purpose of straightening out some streets. This account should also be borne in part by the rate-payers of the future.

There was \$2,320 for a city warehouse, also in the nature of a capital account investment and therefore not chargeable to current account.

These three, if put under their proper head, reduced the general estimates by \$11,320.

Secretary Kinnaird reported that by so doing the general rate could be reduced from 7 1/2 mills to 7 mills.

Ald. Griesbach asked if it could not be reduced another quarter of a mill.

Secretary-Treasurer Kinnaird suggested that by cutting off \$4,334 from the incidentals the estimates would then be reduced to \$15,654 making the total \$105,390, which could be raised by a rate of 6.75 mills.

The school rate recommended is 2.50 mills and the general debenture rate .75, making the total rate, providing the suggested reductions are made, 10 mills.

On motion the estimates were left in the hands of the secretary-treasurer for one week more so that he might figure out the probable effect of the suggested reductions.

The by-law for raising \$75,000 to purchase the G.T.P. right-of-way was finally passed.

The fire chief recommended the purchase of a fire team for \$550. The horses were the property of John Reid and T. J. Casaden, of Clover Bar. The recommendation was adopted and the horses will be purchased.

The Watts application for a switch to the corner of Jasper and Third, was rejected on report of the commissioners. The grounds were that the track would cross the Jasper lane diagonally, thereby probably blocking it; and furthermore that the curve proposed was not practicable.

The application to build a wooden rear and front to the space between the Queen's hotel and the C.N.R. store was turned down, on report of the commissioners that the building would cause the insurance rate to be raised and that the fire fighting chances would be greatly lessened.

An offer of \$250 for the hand hook and ladders from the fire engine was accepted. The hand wagon is going out of commission by the purchase of new apparatus.

Another horse and express rig for the water works department was ordered purchased.

HILL MAKES SOME MONEY.

New York, Oct. 8.—James J. Hill, president of the Great Northern railway, sold 150,000,000 tons of ore to the United States Steel corporation today for \$400,000,000.

There may be a few million tons of ore and a few million dollars more or less involved in the sale, but it is the largest transaction in the history of finance in this country since the formation of the steel corporation itself, and the whole gigantic deal was accomplished in five minutes in the space of a couple of hours.

The men who put their names to the papers involved were, James J. Hill, J. Pierpont Morgan, Charles Stee, George W. Perkins, and E. H. Gary. They met in Morgan's offices, were in conference for about two hours, and when it was all over and done with E. H. Gary, who is chairman of the steel corporation's board of directors, then announced the latest money miracle in the romance of America's steel industry.

SASKATOON BOY SHOT.

Saskatoon, Ont., Oct. 13.—Within twenty-four hours of the time he was delivering messages for the C.P.R. commercial telegraph office in this city the shatterer of the Nutana cemetery was laid away in the Nutana cemetery yesterday afternoon.

The poor lad, the second of three sons, who is the sole support of the widowed mother, left work early in the afternoon and returned across the river to his home and took his gun for an hour or two of rabbit hunting in the bluffs on the south side.

Between five and six in the evening he was noticed lying close to the water's edge near where the traffic bridge will touch the south bank. It was men employed on the bridge work whose attention he was attracted. When it was seen how badly he was injured doctors were sent for and the police were notified.

The boy was found by Dr. Stewart to be in a terribly injured condition but still conscious. He had received the full charge of one barrel of the shotgun in the left side of the abdomen.

domen, the shot of actually tearing itself through the stomach. It was seen at once that he could not recover.

To Sgt. Loggin, who assisted in carrying him to his home, the wounded lad told how the accident occurred. He had gone rabbit hunting, as stated above and had a shot at once. He wounded the animal and to make sure of his game, swung at it with the butt of his gun and this set off the other charge, lodging the shot in his left side.

With wonderful nerve he commenced to crawl to the river, feeling thirsty and it was there he was later picked up. The doctors, for, Dr. Malet was also called, and the police marvel at the wonderful vitality of the lad.

Investigation by Sgt. Loggin proved the accuracy of the boy's statement. The double-barrelled shotgun with both charges fired was found near the coil at the south end of the fairway. A dead rabbit nearby completing the story of the tragedy.

The boy lived only about three hours and at three o'clock Sunday afternoon his remains were borne to the old Nutana cemetery.

About three years ago Mrs. Wright came to Saskatoon from Prince Albert, having originally come from England, and where her husband died. The three boys of which deceased was second, being only fourteen, were all employed as messengers at the telegraph office here. The earnings of these boys was the sole support of the mother and household. Walter was a quiet, unobtrusive lad, steady and courteous, and was never seen around the streets except in the performance of his work as messenger.

SHARKS IN CALGARY.

Calgary, Alberta.—The story of the trial of Murphy, the man who is under arrest charged with defrauding Powers out of \$305, has few new features about it. The case came up yesterday morning. P. J. Nolan appeared for the accused. The trial was postponed until Monday next.

Powers the man who was victimized, has not shown up. The police have been searching the north end, but so far without success. If he does not return there will be little case against Murphy.

These are the routine facts of the case. But the condition of affairs is much more interesting than shown in the full statement of facts.

There is a state of alarm among the people of Calgary, who learned yesterday for the first time that this city has become infested with card sharks and confidence men.

At the present time the police is informed there are six or seven men who are in this detestable line of business operating right here in the city. There are a number of other men who are confederates in this same game, some of them being somewhat prominent in Calgary.

ADVERTISE IN THE BULLETIN

COAL

A SECOND CROW'S NEST

Coal is actually today the greatest commodity of the world. With coal we run our mills and factories and our great railroads; with coal we propel our ships, provide our navies, and warm our homes; with coal we generate and produce electricity, with a few exceptions, where water power is available, but there are not very many, Niagara Falls, however; with coal we produce iron, copper, lead, silver, gold, and all other metals that we need, and must have, because all of these metals are to be found mixed in with the rock and in the ore.

With coal we could not make coke, and coke made from a certain kind of high class bituminous coal is the only fuel yet known to man that produces a heat intense enough to melt ore and hard rock into a liquid, by which process we are enabled to extract the metals we need.

England would not be the great world power she is today if it was not for her inexhaustible supply of coal.

Coal is the basis of all industrial and commercial wealth.

Coal-mining in British Columbia has always been a great success. It is a great deal like diamond mining in South Africa—a bonanza of the first magnitude.

The great mountain barrier of the Rockies shuts out the eastern coal, leaving the great Pacific coast to be supplied by the British Columbia fields, excepting a small tonnage from the State of Washington of a very inferior quality; in fact, so poor that the United States navy of the Pacific division got all of their supply from the Dunsuir Coal Mines on Vancouver Island, and pay the duty on it, but neither the Washington nor the Vancouver Island coal is of any use for furnace and smelters coke, because the coal from both of these places contains a great deal of sulphur, and does not make good smelters coke.

Nevertheless Dunsuir made millions after millions every year from mining coal, and died a few years ago the richest man in Canada. He made it all from coal, and his mines will be productive for generations to come, and are worth more today than thirty-five years ago, when first opened up.

OPPORTUNITY.

To see it, and grasp it in time, makes a man the master of his destiny. DO YOU WANT TO MAKE MONEY HONESTLY, AND LOTS OF IT? Would you like to become interested in a coal proposition in British Columbia, and make \$10,000 in three to four years from now on an investment of \$250.00? We offer you the opportunity to do this.

You have \$200.00, \$500.00 or \$1,000.00, whatever the case may be, in bank, drawing 3 per cent. interest yearly. Does this satisfy you, when you can make many times double your money in one year in an investment like this we offer you?

PUT YOUR SAVINGS IN COAL. It is safe, and as good as Government bonds. There are no "ifs" about coal mining. There never was known a failure in coal in British Columbia, if quantity and quality and shipping facilities were assured, and the business was managed right and honestly.

The price of coal and its commercial value is always advancing from year to year, whereas the demand is increasing enormously every year. Millions and millions of dollars have been made in coal mining year after year by all those engaged in the business, and to prove this we refer to the statistics on hand for the year of 1932, where it is shown that nine of the leading bituminous coal mines in the United States and Canada made the enormous profits of \$87,450,637 (one year's earnings).

There is no field of investment more absolutely safe and profitable than coal mining.

We now offer to the public 100,000 shares of the British Columbia Amalgamated Coal Company's treasury stock at the low rate of

TWENTY-FIVE CENTS PER SHARE.

The par value of this stock is one dollar, and is fully paid and non-assessable, and shareholders are exempt from personal liability. Once paid and secured it is settled for ever.

This Amalgamated Coal Company controls 17,500 ACRES OF COAL LAND in Nicola Valley, B.C., and, according to coal experts' reports, a great area is underlain with inexhaustible quantities of high-class bituminous coal, the best for steam, blacksmithing and cooking purposes, estimated to contain approximately 1,400,000,000 TONS OF COAL.

TWO RAILROADS.

are new building into the Nicola Valley, the Canadian Pacific and the V. V. and E. (Great Northern) and the C.P.R. has already constructed and completed a line from Spencer's Bridge, on Thompson River, to Nicola Lake, a distance of about fifty miles, where the V. V. and E. are rushing the work as fast as money and labor can do it, and it is expected to reach Nicola by Christmas.

This is certainly a rare opportunity for the small investors. For \$250.00 you can now buy 1,000 shares of the Amalgamated Coal Company, which in a few years may pay you a yearly revenue or income of \$30.00, figuring the dividend at \$10.00 a share (the Crow's Nest Pass Coal Company paid a dividend last year of \$10.00 a share). This is an illustration to show what a few hundred dollars invested in coal stock means to investors. The Crow's Nest stock was offered to the people in the year 1895 at ten cents a share, and is today worth over \$300.00 or \$300,000 for 1,000 shares. You can get 1,000 shares of our stock today for \$250.00, which may be worth as much as the Crow's Nest is today if you hold it long enough. Do you realize what this means for you? That the British Columbia Amalgamated Coal Company's stock will reach the \$100.00 mark in from six to seven years from now is the belief of those who have seen and examined the properties and are familiar with the local condition in that country. Get it on the ground floor. Act quickly, and do it now. Do not ask your neighbor for his advice. Use and act on your own judgment. It will soon be taken. Call early or write, and we will give you any further information that you may desire.

BETTER THAN LIFE INSURANCE.

A source of income that will last as long as you live. An asset that you can leave behind you for your friends and relatives. Have you a wife, a dear child, a sister, brother, or friend, whose welfare you have at heart? If so, why not invest \$50, \$100, or \$200, or any sum you can afford, in this coal stock, and get a certificate issued in their names; that will get them an income for life.

TWO YEARS FROM NOW.

the stock should have a cash valuation on the market from the dividends it then will pay of at least \$10.00 per share. This calculation is based on sound and conservative business judgment, and on well-tried laws of natural growth. It is quite safe to say that when the Amalgamated Coal Company shall have fully equipped its four properties on Cold Water River, in Nicola Valley, B.C., and has built up a market for its product, it can produce coal and coke on a large scale, which may require six to seven years to accomplish (taking the Crow's Nest Coal Company as an example), this stock should then be worth on its own merit, from the dividend it then will pay, \$100.00 per share.

Opportunity knocks once at every man's door. To see it and grasp it in time is the keynote to success and wealth. This is meant for you. This is your greatest opportunity.

Fathers, mothers and guardians, who have the welfare of your children at heart, and want to provide for their future needs, write us for information, and investigate our proposition carefully. You will thank us later for the advice given. Ask or write for printed prospectus and reports, etc. We will show you samples of the coal and of the coke, and the assays of the coal from Government officials and other authorities.

RECOMMENDED BY BANKERS AND MERCHANTS.

as the safest and best investment on the market today, which is being offered to the public at large. We want men and women of moderate means to get interested in this great enterprise, and to get in now, on its first inception.

Remember, for \$250.00 you will get one thousand shares of Amalgamated Coal, which will secure for you and your family a source of income, and may make you independently rich. Remember, 1,000 shares of Crow's Nest Pass Coal is today worth \$255,000, and brings a yearly revenue of over \$10,000.00.

PROTECTION TO SMALL SHAREHOLDERS IS SECURED BY THE LAWS OF BRITISH COLUMBIA.

Under British Columbia laws every Coal Company mining for coal and oil in that country must file with the Minister of Finance, a certified copy of their articles of incorporation, if a foreign company, and also of the by-laws; in other words, the company has to register under the laws of British Columbia, before they can transact business within the borders of the Province, and produce coal, and their books are subject to inspection every three months by a tax of five cents per ton paid to the Government for every ton of coal mined. This protects the small stockholders, as everyone interested, whether he may be the owner of 10,000 shares or only 100 shares, has the right to know at all times just what the company is doing, and there is no possibility of the company adopting any "watered stock" game, "free-out" game. The Government being interested party, much greater protection is afforded the small investor than in any other country.

We cordially invite you to call at our office, No. 61-62 Confederation Life Building, Toronto. If you cannot call, please write us, and we will mail you prospectus, reports, maps, etc., that will give you all information you may desire.

Owen J. B. Yearsley, Banker and Broker
61 Confederation Life Building, Main 3290. TORONTO.

Carl Hemingsen says:

The successful man dresses just a bit better than the other fellow, the man who is just as exacting about his clothes as his business. He is the one who realizes the superior advantages of having his clothes looked after every week by an institution that does the work better than anyone else.

Two dollars a month for our services.

LOCAL

—Mr. A. E. May, postmaster, will be home next Tuesday evening.

—Hon. F. Oliver was billed to speak last night at the opening of the Liberal club rooms in Calgary.

—The school population is: Public school, 1,104; high school, 83.

—The new school on Jasper avenue will be named "The Alexander Taylor School."

—The demand for taxes of the Protestant public school board for 1936 is \$35,000.

—A party of twenty-two land-seekers from North Dakota left Thursday for the Pembina country.

—A conference was held this afternoon between the Protestant public school board and a delegation of the teachers to consider a schedule of teachers' salaries.

—Pastor McDonald will occupy the pulpit at the Baptist church, Sunday morning and evening. The subject of the evening address will be "Cleansing the Heart Temple."

—Members of Lodge Edmonton S. O. E., are requested to meet at the lodge room, Unity hall, Sunday, at 1:30 p.m. to attend the funeral of the late Bro. R. D. Hodge.

—Mr. L. L. Pound and wife of Aylmer, Ontario, is at the Queen's. Mr. Pound is an extensive breeder of Hackneys and is here with a view to settlement if he can find a location to suit him.

—Yesterday a permit was taken out by the building committee of Queen's Avenue Presbyterian church for a \$1,000 manse on McDougall street, adjacent to the church.

—Calgary Albertan: The man Powers, the victim in the bunco game, is still wanting. After he got back the \$305, which was stolen from him by the confidence sharks, and told to skidoo, he seems to have dropped out of sight completely. He left word that he was bound for the west, and accordingly the police have turned their face towards the north.

A. M. Harroun, of Chicago, Ill., is in the city today for the first time in four years, taking a look at the town and noting the growth since he first became acquainted with it. Four years ago he was making a trip in the west and having come over from Vancouver to see Banff he chanced to make a side trip up this way. Edmonton was not much of a town then, but he decided that there were reasons why it some day would be and he made a few investments, among others, purchasing a half section of land just west of the city, which he got for a comparatively small figure. The land is the west half of section 34 in 52-25, directly south of the Croft estate. Mr. Harroun proposes to subdivide the property and place it on sale.

—Mr. A.W. Spalding, of Blairgowrie, Perthshire, Scotland, is spending a few days in the city. Mr. Spalding left Holland in June and has been in North Carolina, Dakota, Minnesota and several states of the union. He is a large Scottish farmer who has taken this trip to Canada to investigate the agricultural possibilities. He says there are hundreds of young Scottish plowmen who are ready to come to this country and when he goes home he will strongly advise them to do so far he thinks this is a young man's country. Many small farmers in the old country have worked for years reclaiming a bit of land, have actually carried earth up the mountains to cover the rock and when they have succeeded they find the landlord has raised the rent. Mr. Spalding farms 185 acres and pays two pounds an acre in rents. Today in company with Mr. C. W. Sutter he is visiting in the country.

BUILDING PERMITS.

Building permits taken out in the last two days:

Ida Ball, dwelling, Kinistino Ave., \$2,000.

J. H. McKinley, two dwellings, Fraser Ave., \$800 each.

Wm. Barr, two dwellings, Bellamy St., \$900 each.

Edmonton Ice Co., icehouse, Curry St., \$2,400.

L. D. Edgar, dwelling, Heiminek St., \$500.

Samuel McCardin, dwelling, Donald St., \$700.

C. W. Vanardale, dwelling and barn, First street, \$950.

Bert Danard, dwelling, Short St., \$225.

Thos. Crowe, dwelling, Norwood, \$400.

Queen's Ave. Presbyterian church manse, McDougall St., \$4,000.

E. Cole, dwelling, Eighth, \$2,000.

S. C. Pollard, dwelling, Hamilton St., \$250.

Permits for the month to date amount to \$57,055.

SOCIAL AND PERSONAL.

H. D. Farris, Wetaskiwin, is registered at the Pendennis.

Jas. C. Stewart, Calgary, was in the city yesterday.

Geo. H. Main, of Alvinston, Ont., is in the city looking for a farm location.

Dr. A. F. McKenzie, of Moncton, Ontario, is registered at the Alberta.

Rev. Mr. Douglas will preach in McDougall Methodist church tomorrow.

Rev. C. H. Spiestis, pastor of McDougall church, is expected home for Sunday, Oct. 21st.

Mr. and Mrs. R. McIntosh left last night on the C. N. R., for Guelph, Ont., called home by the serious illness of Mrs. McIntosh's father.

Mrs. J. N. Bolton, Fifth street, will receive on the third Tuesday of each month, instead of the second and third Tuesdays, as formerly.

The Misses Nobbs, of Hamilton, Ont., daughters of Dr. Nobbs, are visiting friends in Edmonton and at present staying with Mr. and Mrs. Morrill, 562 Clara street.

WESTMINSTER GLEE SINGERS.

The Westminster Glee and Concert Party who toured Canada three years ago under Mr. Edward Branscombe's direction with such success, are again visiting this country and are looking to appear at Edmonton's new opera house on Monday evening, Oct. 22.

Upon the completion of their last Australian and New Zealand tour this popular body of singers returned to England giving concerts en route through the United States and on reaching London Mr. Edward Branscombe re-formed his company.

The soloists include several names who have already established their popularity throughout Canada, amongst whom may be mentioned Madame Marie Hooten, Mr. Edward Branscombe, and Mr. Ed. Dalzell. To those who take an intelligent interest in that most beautiful of all forms of vocal music the unaccompanied performance of art-singing, a musical treat awaits. Mr. Harry Irvine will contribute two humorous musical sketches in each program.

CHARITY BALL.

The charity ball in aid of the public hospital will be held at the Thistle theatre on Tuesday evening next, 16th. Clarke's orchestra will furnish the music and refreshments will be served. Any ladies who are willing to assist with the supper are requested to be present at the rink. Their services will be heartily appreciated by the Hospital Aid Society. Donations for September —

The following donations to the City Hospital are gratefully acknowledged:—

Phinbarb — Mrs. Harrison Young.

Magazines and papers—Mrs. Belahmy.

Cake, meat, bread and butter—Ladies of the Presbyterian church.

Papers—Mrs. A. Butchart.

Flour—Mrs. Calhoun.

Flowers—Mrs. Duguid.

\$10—A friend.

POLICE COURT.

Thursday was a busy day in the police court. Thirteen cases were disposed of.

E. W. G. Fullerton was fined \$24.50 for carrying loaded firearms.

John J. Mullen was fined \$56.25 for keeping unsanitary premises under the liquor license ordinance. Eugene McGinnis was fined \$56.25 on a similar charge.

The case of Jas. L. McGuire on a similar charge was adjourned until Monday at 2 p.m.

Nikolo Wewintinski was fined \$30 and costs or three months in jail for assault and G. Revago \$20 or two months for assault.

John Achill was arrested in the witness box for perjury and remanded until Monday.

Why pay \$25.00 to \$35.00 for a suit of clothes, when you can get just as good for \$15.00—No More, No Less. Our tailoring business is one of the largest in the world. No Middlemen. Suits direct from Woolen Mills to Purchasers. Call us and see our goods and compare them with other high-price suits. Scotland's Woolen Mills 515 Jasper Avenue.
